PROFILE

I am an organized and hard-working individual, I have a strong desire and passion for a career in academic education. I hold a Bachelor's degree in Communication Engineering and have furthered my education by completing a Master's degree in the same field. Currently, I work as a part-time academic lecturer at Palestine Technical University-Khadouri. I am particularly interested in scientific research, with my master's thesis centered around estimating the Angle of Arrival for Wireless Network Systems with Assisted Reconfigurable Intelligent Surfaces.
