20. October 2016

To Whom It May Concern

Mr. Amjad Khalil (born May 09, 1978) worked in GET Lab – Cognitive Systems Engineering – at the Department of Electrical Engineering at the University of Paderborn, Germany, from August 5, 2016 until October 26, 2016 as part of an internship program (DAAD).

In GET Lab, Mr. Khalil developed a decentralized multi-agent motion planning method for aerial robots moving among high-density 3D polygonal obstacles. His work is valuable for further research purposes in our lab. The algorithm was implemented under the Unity Engine environment using C# scripting.

Mr. Khalil is an excellent student, a quick learner, and possesses a natural ability for problem solving. He solved the given tasks with little supervision in a well-organized fashion. His contribution is valuable for ongoing research in this domain. Throughout his work he demonstrated perseverance and initiative. As a person, Mr. Khalil is well-organized and hard-working student with a pleasant personality.

If we can be of any further assistance or provide you with additional information, please do not hesitate to contact us.

Sincerely,

Prof. Dr.-Ing. Bärbel Mertsching  
Director, GET Lab
